

AWG Monitors (Water/Foam Guns)

Type

AWG HH 1260

Applications:

Up to 1200 l/min, applicable with water and foam. Compact and lightweight. Rotation and elevation safety stops for mobile use. Infinitely variable hand lever. Connection between monitor and frame base carried out quickly by means of a plug connection. Both parts can be folded down for space saving storage. Additionally available roof flange allows easy mounting on fire truck or trailer roofs. The basic unit without multipurpose water tip for jet, spray and fog.

AWG Monitors (Water/Foam Guns)

Type: **AWG HH 1260**

FEATURES:

- The compact and light-weight Monitor HH 1260 was developed especially for mobile operation.
- Despite its compact and handy design, The HH 1260 achieves excellent performance rating.
- A galvanized frame base with four extendable stand points guarantees holding safety under any operating conditions.
- The monitor can be released from the floor base with a few easy hand movements and fixed onto the small scale roof flange provided.
- The connection between the monitor and the frame base is carried out quickly and easily by means of a plug connection, which is secured by two spring bolts.
- The wide range of application possibilities is extended still further by quick and easy roof mounting.
- The monitor can be rotated round 360° when the horizontal tilting range is unlocked.
- The water inlet has a 2½ " BS 336 instantaneous male coupling.
- The monitor and the frame base can be folded down with only a few hand movements for transportation and for space-saving storage in the vehicle or truck

Technical Data:

Manufacturer		AWG, Germany
Model		HH 1260
Usage		Can be used as a stationary or portable monitor for water/foam or water
Operation		Manual, easy to use on deck and can also be erected on its ground base and used separately
Output	Water / Foam	Generated foam up to 15000 l./min at 7bar (according to foam concentrate specifications)
	Water	1200 l./min. (at 8 bar)
Throw	Water / Foam	40 m at 10 bar
Range	Water	52 m at 8 bar
Rotation		360°
Vertical Movement		+25° to 90°
Air-aspirating Foam Nozzle		Self Priming with built-in inductor
Water Jet Nozzle		26 mm
Extra Advantage		Provided with ground base for separate use in narrow sites
Option	Multi Purpose Water Tip for Jet, Spray and Fog	Upon request at extra cost

Warranty:

Period of Warranty	1 Year
